

TRUMP said to Maria Bartiromo from FOX News that he did not appoint U.S. Attorney Weiss.

TRUMP stated that the two U.S. Senators from each state determine who the U. S. Attorney will be for that state and the president signs off on him or her.

Soooo, in Indiana we had republican Senator Mike Braun and republican Senator Todd Young pick a liberal democrat for our U.S. Attorney. WHY???

They cut a deal with the democrats to pay back former democrat Gubernatorial candidate Dr. Woody Myers for deliberately tanking his run for Governor. You see, the new U.S. Attorney recommended by republican Senators Mike Braun and Todd Young is Dr. Woody Myers' son democrat Zachary Myers.

How do I know he tanked the election? Well sit back and let me tell you.

I went to see him at his first town hall meeting in Columbus, Indiana. I had a wonderful talk with his chief of staff and his wife. I offered to host a \$1000.00 per person dinner at my hospital and guaranteed at least 100 people or I would make up the difference. His wife was thrilled. I informed her that I would be presenting all the evidence against Governor Holcomb for his RICO crimes in the attempted murder cover-up and all the evidence of his selling seats at Purdue Veterinary College to out of state corporations working with the World Economic Forum. **(W. E. F.)** I informed her that if her husband had a press conference with me and WE explained how, when and where the crimes happened, it would require an impeachment investigation of Governor Eric Holcomb.

She took my information and said her husband would call me.

After several days of not hearing anything, I called their chief of staff, and he informed me they were not interested.

WHO turns down massive criminal evidence against their political opponent and \$100,000.00???

Now Dr. Woody Myers' son is the U.S. Attorney in Indiana and is refusing to do any investigation against former V.P. Mike Pence and Governor Holcomb.

He is doing for Mike Pence what David Weiss is doing for Hunter Biden.

Zachary Myers has received certified letters and several phone calls from me requesting he investigate Holcomb and Pence for the crimes that I laid out. I requested that he meet with me and review for himself all my information.

He has refused to take my calls or communicate in any way.

Soooo, former V.P. Pence is having a (Hunter Biden like) cover-up and the republicans are controlling all of it.
